in the European Consortium coordinated by the
EuroMediterranean Progressive Policy Institute
(EMPPI)**

Dear Prof. Roman Reyes,

We thank you for inviting the Humboldt-Universität zu Berlin to take part in the European Consortium coordinated by the EuroMediterranean Progressive Policy Institute (EMPPI). We are pleased by this invitation and want to express our interest in participating in this project. The purpose of this letter is to start a co-operation between Humboldt-Universität, the EMPPI and the other institutions in the fields of teaching and research and to make an application for a Centre of Excellence by the European Commission.

The themes of joint activities, the conditions for utilising the results achieved and the arrangements for the further cooperation will be negotiated.

Sincerely yours,

Prof. Dr. Dr. h.c. Christoph Marckschies
